

I oppose loosening the rules designed to promote and protect diversity of media ownership. These rules were adopted to ensure that the public would receive a diverse range of viewpoints from the media, and not simply the opinions of a handful of media conglomerates.

I don't believe that the media ownership rules should be changed. I think the media is already over run by mass ownership of the media. This is causing a lack of outlets for different opinions to be heard. We need diversity of expressions in order to maintain our democracy.
